

WATCH OUT for Homestead Exemption Scams

We have been contacted by several home owners who have received a “homestead application” in the mail that required a “one-time processing fee”. DO NOT respond to these offers. Homestead applications are available in our office and there is NEVER a fee to file for any exemption.

For any questions you have regarding your homestead exemption, please call us at 325-854-5865. We are happy to answer any questions and our goal is to help property owners in Callahan County receive all the benefits in which they are entitled.
